LEWIS BLAMES HEAD  
OF OPERATORS WHEN  
SESSIONS BREAK UP

Endurance Test Is Forecast  
As Delegates Leave For  
Home

(By United Press)  
Philadelphia, Pa., Feb. 3.—An exchange of prepared statements in which personal animosities were aired, marked the anthracite controversy today.

President John L. Lewis, of the miners, charged the negotiating conference broke up yesterday because of the desire of Samuel D. Warrin, chairman of the anthracite operator's conference to exact "his pound of flesh."

Major W. W. English, chairman of the operators committee, retaliated with the charge that Lewis had not correctly stated the mine owners proposals to the 158,000 striking miners. Bitterness mixed the attitudes of both sides, with their leaders planning to take to the hardcoal fields, educational campaigns in an effort to win public opinion.

Harrisburg, Pa., Feb. 3.—Hope of providing means for ending the anthracite strike by action of the special session of the legislature had vanished today.

Governor Pinchot's plan of state regulation by the public service commission was defeated in committee.

The Woodward plan of modifying the miners certificate law to let in miners from other states will be disposed of by the senate next Monday night, but members were determined to prevent the bill from passing.

Thomas J. Kennedy, of Hazelton, International secretary of the miners union made a stirring plea to the senate to defeat the proposal from a humanitarian standpoint.

VERDICT IN TURNER  
MURDER TRIAL WILL  
NOT BE CONTESTED

Counsel for Robert H. Turner, 35, colored, found guilty of first degree murder for the slaying of his brother-in-law, Ulysses Deatherage, Tuesday by Common Pleas Judge R. L. Gowdy, announced no attempt will be made to have the case reviewed by the Appellate Court. No motion for a new trial can be filed.

Turner, confessed homicide, was sentenced to life imprisonment in the Ohio State Penitentiary when Judge Gowdy found him guilty of first degree murder with mercy and is not subject to pardon by the state clemency board. Under terms of the sentence however, he could be granted executive clemency by the governor.

Turner was well pleased with the verdict and his escape from the death penalty, it was reported. He will be taken to the penitentiary probably this week, it is announced.

BETTER MILK DRIVE  
UNDER WAY IN OHIO

Columbus, Feb. 3.—The Ohio Better Milk Council has adopted a policy of a better milk supply and larger consumption by the public, according to the Ohio Dairy Products Association.

The council proposes a standard of milk, whether sold pasteurized or raw, and permits the use of a Seal of Approval.

Ohioans are using less than a pint a day, according to figures of the council. Adults should at least use that much and children a quart, the council said.

There is a market for 1,500,000 quarts of milk in Ohio daily, the council said. This is the production of 210,000 cows.

TANK FACTORY HAS  
CHANGED OWNERSHIP

Youngstown, O., Feb. 3.—The Lucent Manufacturing Co., a \$150,000 truck tank manufacturing company at Urichsville, has been purchased by the Youngstown Boiler and Tank Co., here.

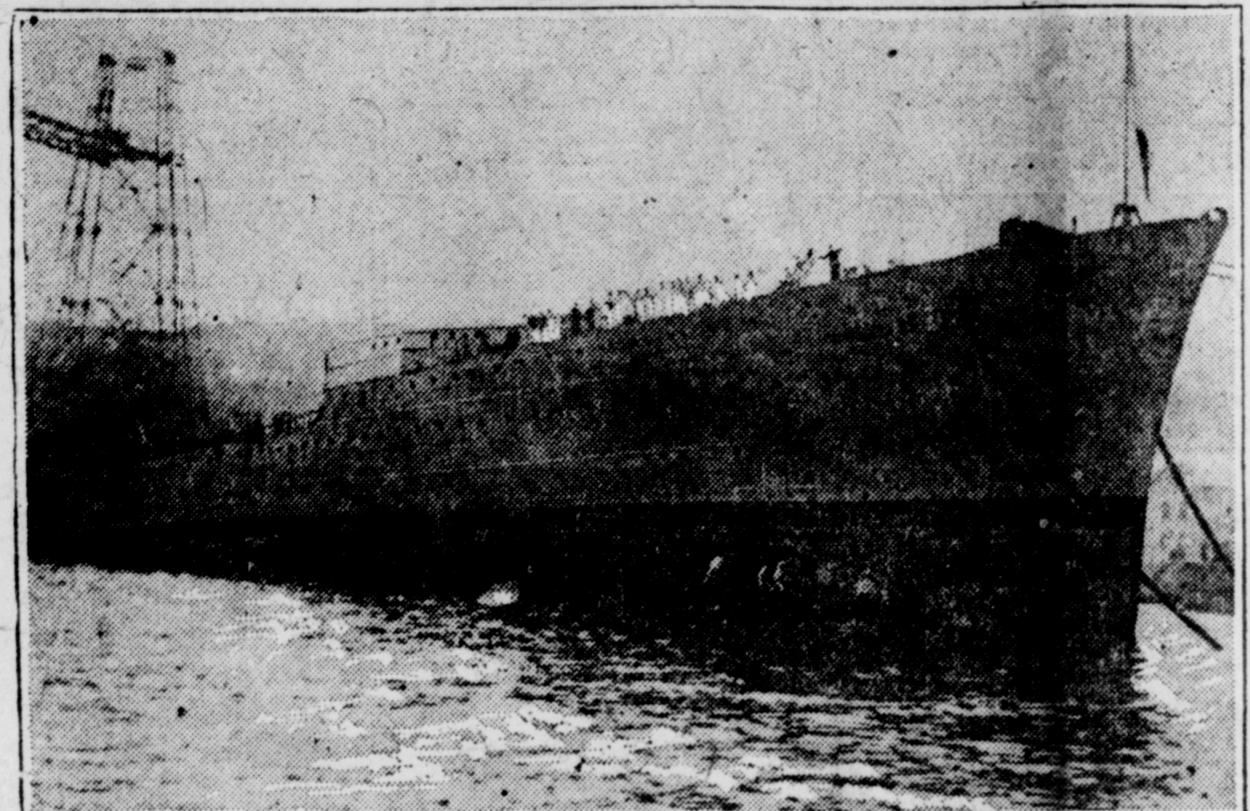

It employs more than 100 men and will be operated by the new owners.

C. V. Lucius, president, organizer and owner of the patents, has become vice-president of the Youngstown Boiler and Tank Company.

MAJOR IS DYING

Canton, O., Feb. 3.—Mayor Stanford M. Swartz, who was stricken suddenly with appendicitis last week, is dying slowly, physicians announced today continuing their efforts to save his life. Mayor Swartz was elected last November. He was accorded the largest plurality ever given a candidate in Stark County.

France Clings to Big Navy Plans Despite Franc's Distress

In spite of its enormous standing army, and its intense financial difficulties, France is not neglecting its navy. It has just launched its third battle-cruiser built under the terms of the Washington naval limitation treaty. Photo shows the cruiser, "Le Duquesne" after it slipped down the ways at Brest.

SEAPLANES TO HELP  
PROTECT COASTS IN  
WAR ON SMUGGLING

Ten Planes Will Aid Ships  
To Patrol All Coast  
Lines

(By United Press)

Washington, Feb. 3—Seaplanes to guard the coasts of the United States against narcotic and liquor smuggling will be put in operation this spring or early summer, it was learned at the treasury department today.

With a fleet of about ten planes, the coast guard plans to patrol all coast lines, "spotting" ships with illicit cargoes and locating landing places used by the modern buccaneers.

Congress has been asked in the deficiency bill to provide money for the purchase of five new planes for law enforcement work.

In addition to the new flying boats, the treasury department is negotiating with the navy to acquire five of their seaplanes.

Four of the new planes, according to tentative plans, would be sent to the New England coast. Along this section river operators use airplanes to send messages to liquor ships at sea. The government planes will try to interrupt this method of communication.

TO ARRAIGN JUDGE  
ON LIQUOR CHARGE

Cincinnati, Feb. 3.—Common Pleas Judge Robert Patterson of Montgomery County, recently arrested in a hotel raid here and charged with violating the prohibition laws will be given a hearing next Wednesday, it was announced.

Judge Patterson was arrested while the state bar association was in convention here. Several bottles of liquor were found in his room, according to dry agents.

WOMEN FRETTING AT  
WEDLOCK IS REPORT

Columbus, O., Feb. 3.—The bonds of matrimony are proving more irksome to Columbus women than to men, according to divorce statistics for January.

During the month ninety-two women decided divorce was the only recourse from cruelty, neglect, infidelity and drunkenness.

Only thirty-four men harbored these ideas and accordingly filed petitions for divorce statistics show.

CARNEGIE SUED

Paris, Feb. 3.—Mrs. Thomas M. Carnegie, Jr., nee Dorothy Duncan, today filed suit here for divorce from her wealthy husband.

The Carnegies are well known in Pittsburgh society circles.

Thomas B. Carnegie is a great nephew of the late Andrew Carnegie, steel magnate and philanthropist. He is a son of Thomas Morrisson Carnegie and grandson of the eldest brother of Andrew Carnegie.

Since moving to New York twenty years ago, the defendant has rarely visited Pittsburgh.

WANTS MEMBERSHIP

Berlin, Feb. 3.—The Reichstag's foreign committee today authorized the government immediately to apply for membership in the league of nations.

William Wood, President of American Woolen Company, Shoots Himself At Ormond Beach, Florida—  
Ill Health Blamed.

Ormond Beach, Fla., Feb. 3.—While society discussed the shocking suicide of William Woods, millionaire and former president of the American Woolen Company, preparations were made today to ship the body to Boston for burial.

The 58-year-old millionaire motored into the country with his chauffeur and valet yesterday, alighted from the machine, told his servants to drive on and then, placing a pistol to his mouth fatally wounded himself. His servants heard the report of the gun and rushed back to find him dying. He had been in ill health for several weeks, it was reported at his home.

Wood was dead by the time his personal physician, Dr. C. D. Griffith, was summoned.

A short time later an inquest con-

ducted by Magistrate F. A. Rich returned a verdict of suicide.

The late manufacturer and his wife, formerly Ellen Ayers of Boston came to Ormond Beach some weeks ago for the winter.

Wood committed suicide after he won in an amazing life struggle, great wealth and a commanding position in the business world. The son of humble immigrant parents, he went to work as a mill boy and by zeal and ability rose to be a dominating figure in the worsted and woolen manufacturing industry.

During the strike in Lawrence in 1912, Wood was indicted for conspiracy in a dynamiting plot, but was acquitted. During the war his concern was indicted by a federal grand jury for alleged profiteering but the indictment later was quashed.

The original suit was featured by testimony of an alleged congressional "junket." It ended in dismissal by Judge Frank D. Emerich of Alpena, who awarded Mrs. Scott \$150 monthly pending final disposition.

In the present action, according to Mrs. Scott's attorney, Ward D. Peck, it is hoped to avoid the sensational features of the former trial. If the suit is uncontested, Peck estimates it will be settled within two months.

Since the former trial Mrs. Scott has lived here, quietly.

Scott at present is in Washington.

## PORTUGAL SUPPRESSES LATEST REVOLUTION WHEN "COUP" FAILS

London, Feb. 3—After twenty-four hours of fighting and siege, Portugal has succeeded in putting down her latest "revolution."

Lisbon and Paris advices, some of the former gorged and deleted by censorship, said that revolt started yesterday when Col. Justiniano Esteves sought to storm the Campanha barracks. He was arrested.

While this message claimed his coup "miscarried" later advices said there had been violent fighting last night in the streets of Lisbon; a bombardment of Lisbon from across the

HURRICANES WHIP  
PACIFIC SHIPPING

San Francisco, Cal., Feb. 3.—Hurricanes, said to be the worst in ten years, are sweeping the Pacific Coast and as a result, shipping has been severely crippled.

The Ranger, a sea-going tug, has been sent to the aid of the steam schooner Noyo, which has the Ecola, water-logged and foundering in tow. It was feared both might be swamped.

Flight picture actors of the Metropolitan Picture Corporation were towed into port today at San Pedro, from the clipper ship Indiana which broke away from a tug during the night.

Storm warnings were displayed today at all ports from Cape Flattery at the Northwestern tip of Washington to San Diego, California.

SEIZE AMMUNITION

Nogales, Ariz., Feb. 3—Seventeen rounds of ammunition believed intended for Mexican revolutionary forces has been seized here.

The ammunition was concealed in a Nogales Sonora taxicab, driven by a Mexican. It was believed he was delivering it to a woman known as "Laura, Queen of the Smugglers."

## CHARGES CANADIAN GOVERNMENT NAMES CROOKS TO CUSTOMS JOBS

Ottawa, Feb. 3.—Charging the government with appointing "cooks and criminals" to customs positions, H. H. Stevens, opposition leader, told commons today that flagrant, organized smuggling of narcotics and liquor, proceeds along the international boundary under "protective operation."

Stevens' charges are likely to lead to an inquiry into all Canadian customs houses along the boundary.

He charged that Canada had lost \$32,000,000 in revenue as a result of customs irregularities, alleging also that T. E. Bissalton, former "pro-

tentative chief" at Montreal had indulged in the alleged irregularities. Stevens claims Bissalton owned a farm lying partly in Canada and partly in the United States which had been the scene of smuggling operations.

Sensational developments are expected and it is also claimed the government has made no serious effort to keep the United States-Canada pact of several years ago, to keep bootleg liquor from flowing across the border. Stevens attempts to show that liquor, beer and drugs valued at \$11,000,000 has been exported to the United States in the past six months.

## CATHOLICS TO HOLD EUCHARISTIC MEET AT CHICAGO IN JUNE

Million Pilgrims Will At-  
tend World's Largest  
Meeting

(By United Press)

Chicago, Feb. 3—Here at the crossroads of America, is to be held the most tremendous gathering of people the world has ever witnessed—the twenty-eighth International Eucharistic Congress of the Roman Catholic Church. It is estimated that 1,000,000 pilgrims from the four corners of the earth will come to partake of the Blessed Sacrament.

All the physical resources of Chicago's 240 Catholic parishes will be taxed to the utmost in handling the mammoth convention, in providing food and lodging for the pilgrims, transportation to and from the centers of activity and chapel accommodations for the administration of the sacrament.

It is the first time in history that the Eucharistic congress has been held in the United States and only the second time it has been held on this continent—Montreal being host in 1910.

The Eucharistic celebration will be held from June 20 to 24, ending June 24 in a magnificent ecclesiastical procession and pageant at Mundelein, Ill., a village near Chicago, where the church maintains a seminary and extensive country retreat.

One of the high spots of the congress will be a huge demonstration on Soldiers' Field, on Chicago's lake front, featured by a chorus of 50,000 children's voices singing hymns. The children, all of them students in Chicago's parish schools, are rehearsing in groups of 500 to 5000.

Since even this outdoor arena will seat only 100,000 persons, it will be necessary to hold separate meetings in all parts of the city. Every Catholic church, a number of the large theaters and as many convention halls, as can be obtained, will be used.

The world-wide aspect of the congress was demonstrated today in the visit at Catholic headquarters of an "advance agent" for a party of 2,000 Catholics from Bavaria.

## WE ARE LAW RIDDEN SAYS CHIEF JUSTICE

Cleveland, O., Feb. 3—Democracy, the church, the courts, morality, the government and even marriage are on trial before the bar of public opinion," Chief Justice C. T. Marshall, of the state supreme court, told the Cleveland Advertising Club today.

"We are living in an age of evolution—if not indeed of revolution," Marshall said. "All our institutions—social, industrial, political and governmental—are in a state of transition and it is necessary to make readjustments for new and larger needs," he said.

Marshall said he believes that as a result of the changes there is a "revolution against some of our most sacred institutions and social agencies."

"The chief reform that has been attempted," he declared, "has been the making of new laws and as the results, we have reached the point where we are 'law ridden people.'"

## CORN CHAMP GETS MANY INQUIRIES

Columbus, O., Feb. 3—in addition to being the National Champion Corn Grower, Ira Marshall of Washington Township, Hardin County, may soon claim the international letter writing championship.

Police smashing their way into the closed room discovered a small gas stove lit while the air in the room was suffocating. Police are inclined toward the theory of a suicide pact, upon finding the windows and doors were stuffed with paper and rags.

## GREENE COUNTY GETS ITS SHARE OF STATE WIDE MEASLES EPIDEMIC

Greene County is having its share of the epidemic of measles that is sweeping the state, according to Dr. R. H. Grube, county health commissioner.

This winter has been marked by an unusual number of cases of measles in Ohio, according to Dr. Grube.

Measles, whooping cough, mumps, and other childhood diseases are almost as sure to the younger generation as death and taxes, doctors declare. There is no method for warding the disease off, they say, but give warning for the need of care of children susceptible to the diseases.

Exposure of children should be guarded against, Dr. Grube warns.

**GIVE CHILD AS PAY FOR GROCERY BILL**

Cleveland, O., Feb. 3.—Because the parents of little Winnifred Hippewell owed a grocery bill and were compelled to leave town without paying it, she was left with John Drake, grocer, in lieu of the money, according to his story to the police.

Drake, having five children of his own, was reluctant in accepting Winnifred as payment and could not figure her value in payment for pounds of sugar, coffee and butter.

But Winnifred went to live with the Drake family. Given as payment for a bill, her keep threatened to increase it.

Only an occasional letter comes from the girl's mother and that has no return address, except general delivery in various cities.

Drake, having grown to love the girl, now wants to adopt her. He has gone to court and secured a dependency

The Sunday service at the Zion Baptist Church was one in every way very interesting. At the morning service, Brother James Harris brought the message on prayer from these words: "the effectual fervent prayer of a righteous man availeth much."

At the afternoon service for the young people, Rev. R. E. Hutchison, pastor of the St. John's A. M. E. Church, talked on walking in the truth. His choir was also to respond but not being notified in time was not present. At the evening service, Brother Charles Buford preached his initial sermon to a very appreciative audience from the theme, "Victory over Death."

**AUTO TAG REVENUE REACHES \$36,606 REPORT INDICATES**

Revenue derived from the sale of 5,949 motor vehicle licenses for 1926 in Greene County, including municipalities by February 2, 1926, amounts to \$36,606.05 a decrease from 1925 because of the great reduction in the price of 1926 tags, a statement prepared by County Auditor R. O. Wead shows.

Motor vehicle licenses issued in the county exclusive of municipalities total 3,320 for which the revenue of \$9,075.55 reverts to the county road maintenance and repair fund. Report shows the state road maintenance and repair fund receives \$18,303.03.

Total issuance for the different type of motor vehicles and for the different priced licenses in Greene County in 1926, is divided as follows: \$4 passenger car tags, 4,469; \$6 passenger car, 645; \$10 passenger car, twenty-six; 70 cents per cwt, 2,500 or under, commercial cars, 531; commercial cars over 2,500 pounds not over 6,000, 135; commercial cars over 6,000 pounds not over 9,000, thirty-one; commercial cars over 9,000 pounds, eight; passenger converted, fifty-eight; motorcycles nine; side cars, five; trailers, fourteen; from state commercial dealers, eighteen.

Statistics for the registration in ten municipalities in the county show Xenia easily led the list with a registration of 1,490 cars of all makes and a corresponding revenue of \$5,573.27; more than double the combined revenue of the other nine districts.

Figures in the report for the registration in nine other municipalities, showing total registration for 1926 and revenues derived, are as follows:

### HOLY SPIRIT SERVES AS EXECUTIVE OF GOD CONGREGATION TOLD

"The Ministry of the Holy Spirit" was the subject of an address by Miss Elinor Millar, Australian Bible teacher, before a large audience at the First M. E. Church Tuesday night. Miss Millar will conduct special meetings at the church two weeks.

Possessing the happy faculty of interesting boys and girls, Miss Millar, observing number of children in the audience before her address, picked out certain ones, asked them to come forward, and presented each with a pocket Testament from the pocket Testament League.

The speaker declared the second chapter of the Acts, describing the coming of the Holy Spirit, is one of the great chapters of the Bible. "In repeating the Apostles' creed," she said, "many go as far as to repeat the words 'I believe in God the Father, Almighty Maker of Heaven and Earth,' and stop. Others will add 'and in Jesus Christ, His only begotten son,' but not many get so far as to understand the words 'I believe in the Holy Ghost.'

"Who is the Holy Spirit? He is the third person of the Trinity, the divine Comforter, the other self of Jesus. He is the one Who takes all the plans of God the Father and executes them. Hence He is called the Executive of the Holy Ghost."

In a masterful manner Miss Millar gave a striking description of the effect of the coming of the Holy

As sequel to an automobile accident at Church and King Sts., December 15, 1925, Mrs. Frances C. Laist, wife of T. F. Laist, head of the humor research department at Antioch College, has brought suit for \$10,852 damages against Dr. A. B. Kester, Xenia dentist, in Common Pleas Court.

Mrs. Laist alleges personal injuries sustained in the accident, claiming she received permanent injuries to her right leg and knee and shoulder. Her right knee was wrenched, muscles and ligaments were torn and the bones bruised and a condition of neuritis resulting caused her to be confined to her home for four weeks, plaintiff alleges.

According to the petition, plaintiff

spirit upon the early disciples of Jesus.

She will conclude the subject at the meeting Wednesday night at 7:30 o'clock, speaking upon the thought "How Christians Can Live the Spiritual Life." One of the features of these meetings is the singing.

Defendant is charged with negligence in driving too fast, driving without due regard for safety of others, going in excess of twenty-five miles an hour in violating a traffic regulation, failed to heed the "slow" sign painted on the street, and non-observance of a stop sign erected in front of the intersection.

Plaintiff contends she was rendered unconscious in the accident, remaining so for some time, had to be carried from the scene of the smashup and received a severe nervous shock from which she has not yet recovered.

Medical expenses of \$150 were incurred, the plaintiff's auto was damaged resulting in a repair bill of \$450, depriving her of the use of it for six weeks with additional damage of \$252, for which she asked recovery, petition recites. Plaintiff was also damaged to the extent of \$10,000, she alleges. Marcus Shoup is attorney for the plaintiff.

The appointments were made in conformance with the regulation of the war department, Washington D. C., governing national guard troops.

Captain John has received notice of his appointment. He will be stationed at Fort Benning, Columbus, Ga., from March 1 to May 29, taking the company officer's course.

The course is a three-months course of instruction and only two infantry officers are designated each year.

Captain John will place an application for a leave of absence with the Board of Trustees of the O. S. and S. O. Home where he is stationed, at the next meeting.

## RETURN OF MUSICAL COMEDY PERFORMERS RECALLS SHOW HERE

Four or five years ago, Cecil Lean, well known musical comedy star, walked around the Court House here with J. D. Adair, then of the Standard Amusement Co., while they waited for cash customers to fill up the Opera House for the presentation of "Look Who's Here," the particular starring vehicle then of Lean and his charming wife, Cleo Mayfield.

The return of Lean and Miss Mayfield to this part of Ohio recalls the anguish connected with their staging of the big "Look Who's Here" production on the tiny stage of the Xenia Opera House. They are in Springfield Wednesday and Thursday nights, where they present "No, No, Nanette" at the Fairbanks Theater.

The curtain for "Look Who's Here" did not go up before a partially filled house until 9:30 o'clock and so much time was consumed in sawing up the scenery for the change of acts that it was 12:30 before the production closed. In the meantime Mr. Lean, resigned to his fate, performed in rare good humor, and "kidded" the small audience with local "wise cracks" during the evening.

Huge scenic sets had to be cut down back stage in order to change the scenes and the intermissions were long and drawn out affairs. Mr. Lean however, endeared himself to the Xenians who witnessed the production, by accepting the trying situation good naturedly. People who witnessed the musical comedy recall the hotel lobby scene, where the chorus was arrayed on a balcony overlooking the stage. So high was the set that the girls were only visible from the knees down and their voices came faintly down from the dusty stage dome.

Mr. Adair, who took the opportunity of long delays and heart-breaking situations to make friends with the comedian, believes he will give "an better presentation of "No, No Nanette" than did the company that played through this section earlier in the season.

## LECTURE ON INDIA WILL BE REPEATED

Dr. E. L. Porter, Rawalpindi, Panjab, India, will give his lecture on "Indian Pilgrimages" Wednesday evening at the Second United Presbyterian Church at 7:30 o'clock.

Dr. Porter's interesting lecture on pictures of India, Mesopotamia and Palestine, was well received Sunday evening. His pictures were tinted in Japan and the details of native dress as well as the nature scenes are accurately portrayed.

The First U. P. Church has united with the Second U. P. Church in arranging for this presentation and visitors are welcome.

## When You Catch Cold Rub on Musterole

Musterole is easy to apply with the fingers and works right away. Often it prevents a cold from turning into "flu" or pneumonia. It does all the good work of grandmother's mustard plaster without the blister.

Musterole is a clean, white ointment, made of oil of mustard and other home simples. It is recommended by many doctors and nurses. Try Musterole for sore throat, cold on the chest, rheumatism, lumbago, pleurisy, stiff neck, bronchitis, asthma, neuralgia, congestion, pains and aches of the back and joints, sprains, sore muscles, bruises, chilblains, frostbitten feet — colic of all sorts.

**Mother's Musterole** is also made in milder form for babies and small children. Ask for Children's Musterole. Jars & Tubes

**MUSTEROLE**  
WILL NOT BLISTER

## FOR ITCHING TORTURE

Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching torture and relieve skin irritation, and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, Itch, Pimples, Rashles, Blackheads, in most cases quickly give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid that may be applied at any time, for it does not show. Ask your druggist for a small size 60c or large bottle \$1.00.

## COMMISSIONERS AUTHORIZE BOND ISSUE TO FINANCE FARM PURCHASE

County Commissioners will issue \$20,000 worth of bonds to cover purchase of the 200-acre Moore-Puteraugh farm on the Dayton Pike, in time with plans for the extension of the farm acreage of the Greene County Childrens' Home and County Infirmary.

Commissioners adopted a resolution Monday authorizing a single \$20,000 bond issue.

The farm was sold at public auction January 16 on a bid of \$145.75 an acre, a total of \$29,204, submitted by James Soward, acting for commissioners. It is understood Mr. Soward will not dispose of the entire tract to the county.

The property lies adjacent to the children's home land on the south side of the highway. Buildings and 150 acres are situated on the south

side of the road and fifty acres on the north side.

Details of the division of the new land between the infirmary and home have not yet been worked out. It was first planned to give the infirmary, which now has 105 acres, fifty acres, and the home, which has but fifteen acres, 150 acres.

This division would give both institutions practically equal farming facilities and make them literally self-supporting.

## AULTMAN EXPLAINS EFFECT OF BAXTER BILL UPON SCHOOLS

House Bill, No. 527, enacted at the recent one-day session of the Ohio Legislature, affects the Greene County school financial situation in four provisions, according to H. C. Aultman, county superintendent.

The provisions included in the bill are:

First: Provision of taking care of any operating deficits existing December 31, 1925, by distributing the payment of such deficits into not more than five equal annual installments. Each payment then becomes a part of the annual budget and is not paid for by a tax outside of present limitations.

Second: Any operating deficits existing December 31, 1925, may be funded with the approval of the State Auditor and serial notes issued payable semi-annually over a period not to exceed five years. The levy to retire these shall be outside of present tax limitations.

Third: The amount of the sinking fund levy beyond four mills may be placed outside all present tax limitations upon petition of a majority of the electors in the district who voted for Governor at the last election.

Fourth: A board of education of a district which does have all or any part of the three mills at present

## PICTURESQUE NAMES ALL THAT REMAIN OF GOLD GHOST CITIES

Sacramento, Feb. 2—Except for a half dozen or so survivors the picturesque California camps of the "roaring fifties" have followed into oblivion the gold seekers who created them.

A few have prospered, a survey by the historical department of the California state library reveals. Hangtown, one of the settlements to weather the years is now the city of Placerville. Angel's Camp also has withstood the march of time.

But the early day camps that have joined the "ghost cities" of the west number at least 150.

Brandy Flat, Brandy Gulch and

Delerium Tremens have gone the way of Dead Man's Bar, Chucklehead Diggins and Hell's Delight. Lazy Man's Canyon and Loafer's Retreat are enjoying a long rest. Poverty Flat and Poverty Hill are poor indeed now. Rough and Ready boasts but one family. Timbuctoo consists of but a single family, too, though once it was a bustling camp. Poker Flat lives on but only because the name was perpetuated in a tale by Bret Harte.

Some of the other camps stripped of their gold and lost in the years are: Barefoot Diggins, Bogus Thunder, Chicken Thief Flat, Chivalry Hill, Churntown, Coarse Gold Gulch, Dead Man's Bar, Devil's Basin, Fair

Play, Git Up and Git, Gospel Flat, Grave Yard Canyon, Growler's Flat, Happy Valley, Humbug Canyon and Hungry Camp.

Lousy Ravine, Love Letter Camp,

Miller's Defeat, Mugfuzzle Flat, Muderer's Bar, Pancake Ravine, Pepper Box Flat, Petticoat Slide, Piety Hill, Rag Town, Rat Trap Slide, Red Dog, Secret Town, Seven-Up Ravine, Slap

Jack Bar, Sluice Fork, Slumgullion Squabble Town, Swell Head Diggins Turnback Creek, Yankee Doodle You Be Dam.

LEWIS BLAMES HEAD  
OF OPERATORS WHEN  
SESSIONS BREAK UP

Endurance Test Is Forecast  
As Delegates Leave For  
Home

(By United Press)  
Philadelphia, Pa., Feb. 3.—An exchange of prepared statements in which personal animosities were aired, marked the anthracite controversy today.

President John L. Lewis, of the miners, charged the negotiating conference broke up yesterday because of the desire of Samuel D. Warren, chairman of the anthracite operator's conference, to exact "his pound of flesh."

Major W. W. English, chairman of the operators committee, retaliated with the charge that Lewis had not correctly stated the mine owners proposals to the 158,000 striking miners.

Bitterness mixed the attitudes of both sides, with their leaders planning to take to the hardcoal fields, educational campaigns in an effort to win public opinion.

Harrisburg, Pa., Feb. 3.—Hope of providing means for ending the anthracite strike by action of the special session of the legislature had vanished today.

Governor Pinchot's plan of state regulation by the public service commission was defeated in committee.

The Woodward plan of modifying the miners certificate law to let in miners from other states will be disposed of by the senate next Monday night, but members were determined to prevent the bill from passing.

Thomas J. Kennedy, of Hazleton, International secretary of the miners union made a stirring plea to the senate to defeat the proposal from a humanitarian standpoint.

VERDICT IN TURNER  
MURDER TRIAL WILL  
NOT BE CONTESTED

Counsel for Robert H. Turner, 35, accused, found guilty of first degree murder for the slaying his brother-in-law, Ulysses Deatherage, Tuesday by Common Pleas Judge R. L. Gowdy, announces no attempt will be made to have the case reviewed by the Appellate Court. No motion for a new trial can be filed.

Turner, confessed homicide, was sentenced to life imprisonment in the Ohio State Penitentiary when Judge Gowdy found him guilty of first degree murder with mercy and is not subject to pardon by the state clemency board. Under terms of the sentence however, he could be granted executive clemency by the governor.

Turner was well pleased with the verdict and his escape from the death penalty, it was reported. He will be taken to the penitentiary probably this week, it is announced.

BETTER MILK DRIVE  
UNDER WAY IN OHIO

Columbus, Feb. 3.—The Ohio Better Milk Council has adopted a policy of a better milk supply and larger consumption by the public, according to the Ohio Dairy Products Association.

The council proposed a standard of milk, whether sold pasteurized or raw, and permits the use of a Seal of Approval.

Ohioans are using less than a pint a day, according to figures of the council. Adults should at least use that much and children a quart, the council said.

There is a market for 1,500,000 quarts of milk in Ohio daily, the council said. This is the production of 20,000 cows.

SEAPLANES TO HELP  
PROTECT COASTS IN  
WAR ON SMUGGLING

Ten Planes Will Aid Ships  
To Patrol All Coast  
Lines

(By United Press)

Washington, Feb. 3—Seaplanes to guard the coasts of the United States against narcotics and liquor smuggling will be put in operation this spring or early summer, it was learned at the treasury department today.

With a fleet of about ten planes, the coast guard plans to patrol all coast lines, "spotting" ships with illicit cargoes and locating landing places used by the modern buccaneers.

Congress has been asked in the deficiency bill to provide money for the purchase of five new planes for law enforcement work.

In addition to the new flying boats, the treasury department is negotiating with the navy to acquire five of their seaplanes.

Four of the new planes, according to tentative plans, would be sent to the New England coast. Along this section river operators use airplanes to send messages to liquor ships at sea. The government planes will try to interrupt this method of communication.

TO ARRAIGN JUDGE  
ON LIQUOR CHARGE

Cincinnati, Feb. 3.—Common Pleas Judge Robert Patterson of Montgomery County, recently arrested in a hotel raid here and charged with violating the prohibition laws will be given a hearing next Wednesday, it was announced today.

Judge Patterson was arrested while the state bar association was in convention here. Several bottles of liquor were found in his room, according to dry agents.

WOMEN FRETTING AT  
WEDLOCK IS REPORT

Columbus, O., Feb. 3.—The bonds of matrimony are proving more irksome to Columbus women than to men, according to divorce statistics for January.

During the month ninety-two women decided divorce was the only recourse from cruelty, neglect, infidelity and drunkenness.

Only thirty-four men harbored these ideas and accordingly filed petitions for divorce statistics show.

CARNEGIE SUED

Paris, Feb. 3.—Mrs. Thomas M. Carnegie, Jr., nee Dorothy Duncan, today filed suit here for divorce from her wealthy husband.

The Carnegies are well known in Pittsburgh society circles.

Thomas B. Carnegie is a great nephew of the late Andrew Carnegie, steel magnate and philanthropist. He is a son of Thomas Morrison Carnegie and grandson of the eldest brother of Andrew Carnegie.

Since moving to New York twenty years ago, the defendant has rarely visited Pittsburgh.

William Wood, President of American Woolen Company, Shoots Himself At Ormond Beach, Florida—  
Ill Health Blamed.

Ormond Beach, Fla., Feb. 3.—While society discussed the shocking suicide of William Woods, millionaire and former president of the American Woolen Company, preparations were made today to ship the body to Boston for burial.

The 58-year-old millionaire motored into the country with his chauffeur and valet yesterday, alighted from the machine, told his servants to drive on and then, placing a pistol to his mouth fatally wounded himself. His servants heard the report of the gun and rushed back to find him dying. He had been in ill health for several weeks, it was reported at his home.

Wood was dead by the time his personal physician, Dr. C. D. Griffith, was summoned.

A short time later an inquest con-

duted by Magistrate F. A. Rich returned a verdict of suicide.

The late manufacturer and his wife, formerly Ellen Ayers of Boston came to Ormond Beach some weeks ago for the winter.

Wood committed suicide after he won in an amazing life struggle, great wealth and a commanding position in the business world. The son of humble immigrant parents, he went to work as mill boy and by zeal and ability rose to be a dominating figure in the worsted and woolen manufacturing industry.

During the strike in Lawrence in 1912, Wood was indicted for conspiracy in a dynamiting plot, but was acquitted. During the war his concern was indicted by a federal grand jury for alleged profiteering but the indictment later was quashed.

The original suit was featured by testimony of an alleged congressional "junket." It ended in dismissal by Judge Frank D. Emerick of Alpena, who awarded Mrs. Scott \$150 monthly pending final disposition.

In the present action, according to Mrs. Scott's attorney, Ward D. Peck, it is hoped to avoid the sensational features of the former trial. If the suit is uncontested, Peck estimates it will be settled within two months.

Since the former trial Mrs. Scott has lived here, quietly.

## PORTUGAL SUPPRESSES LATEST REVOLUTION WHEN "COUP" FAILS

London, Feb. 3—After twenty-four hours of fighting and siege, Portugal has succeeded in putting down her latest "revolution."

Lisbon and Paris advises, some of the former ganged and deleted by censorship, said that revolt started yesterday when Col. Justiniano Esteves sought to storm the Cam-

police barracks. He was arrested.

While this message claimed his coup "miscarried" later advice said there had been violent fighting last night in the streets of Lisbon; a bombardment of Lisbon from across the

## HURRICANES WHIP PACIFIC SHIPPING

San Francisco, Cal., Feb. 3.—Hurricanes, said to be the worst in ten years, are sweeping the Pacific Coast and as a result, shipping has been severely crippled.

The Ranger, a sea-going tug, has been sent to the aid of the steam schooner Noyo, which has the Ecola, water-logged and foundering in tow. It was feared both might be swamped.

Storm warnings were displayed today at all ports from Cape Flattery at the Northwest tip of Washington to San Diego, California.

## SEIZE AMMUNITION

Nogales, Ariz., Feb. 3—Seventeen thousand rounds of ammunition believed intended for Mexican revolutionary forces has been seized here.

The ammunition was concealed in a Nogales Sonora taxicab, driven by a Mexican. It was believed he was delivering it to a woman known as "Laura, Queen of the Smugglers."

## WANTS MEMBERSHIP

Berlin, Feb. 3.—The Reichstag's foreign committee today authorized the government immediately to apply for membership in the league of nations.

## CHARGES CANADIAN GOVERNMENT NAMES CROOKS TO CUSTOMS JOBS

Ottawa, Feb. 3.—Charging the government with appointing "cooks and criminals" to customs positions, H. H. Stevens, opposition leader told commons today that flagrant, organized smuggling of narcotics and liquor, proceeds along the international boundary under "protective operation."

Stevens' charges are likely to lead to an inquiry into all Canadian customs houses along the boundary.

He charged that Canada had lost \$32,000,000 in revenue as a result of customs irregularities, alleging also that T. E. Bissallton, former "pre-

ventative chief" at Montreal had indulged in the alleged irregularities. Stevens claims Bissallton owned a farm lying partly in Canada and partly in the United States which had been the scene of smuggling operations.

Sensational developments are expected and it is also claimed the government has made no serious effort to keep the United States-Canada pact of several years ago, to keep bootleg liquor from flowing across the border. Stevens attempts to show that liquor, beer and drugs valued at \$11,000,000 has been exported to the United States in the past six months.

Report that Stone would be removed became current when George F. Golding, an attaché of the treasury department, arrived here to assume formal charge of the inquiry.

(By United Press)

Cleveland, Feb. 3.—Despite official denials from Washington, rumors persisted here today that Thomas Stone, former Ohio Federal Prohibition Administrator would be removed as director of the nation-wide investigation of operations of the Superior Industrial Alcohol Co.

Report that Stone would be removed became current when George F. Golding, an attaché of the treasury department, arrived here to assume formal charge of the inquiry.

Golding will personally direct the collection of all evidence bearing on the case, it was said.

When investigation of the alleged gigantic alcohol ring was first launched, Stone was appointed director extraordinary. Considerable doubt was expressed again today that the inquiry would be turned over to the federal grand jury tomorrow, as previously announced.

Golding, on taking charge of the probe, questioned Harry Volpe, confessed Chicago bootlegger, who was one of the eighteen arrested in connection with the supposed conspiracy.

Federal Judge John M. Killits who will charge the grand jury, said to day the scope of the investigation is becoming larger hourly and expressed doubt that the grand jury convening tomorrow would receive the case.

Federal authorities are now seeking

four Philadelphia millionaires who were said to have been "masterminds" in directing the distribution of alcohol through the Superior Company and other channels.

The location in Cleveland, of one of the largest alcohol distributing stations the ring is charged with operating, was revealed to federal authorities by Captain John Billington of the Big Four Railroad police. On

January 16 last, Billington investigated a car in the Big Four freight yards, placarded "machinery" and destined for Chicago. The car contained sixty-eight drums of alcohol, each drum of fifty gallons capacity. Its value was estimated at \$50,000.

The original suit was featured by testimony of an alleged congressional "junket." It ended in dismissal by Judge Frank D. Emerick of Alpena, who awarded Mrs. Scott \$150 monthly pending final disposition.

In the present action, according to Mrs. Scott's attorney, Ward D. Peck, it is hoped to avoid the sensational features of the former trial. If the suit is uncontested, Peck estimates it will be settled within two months.

## SCOTT DIVORCE IS AGAIN IN LIMELIGHT

Detroit, Feb. 3—Principals in the sensational divorce suit of Congressman and Mrs. Frank D. Scott, today faced additional litigation as a result of Mrs. Scott's action in filing a new suit here, charging desertion.

The original suit was featured by testimony of an alleged congressional "junket." It ended in dismissal by Judge Frank D. Emerick of Alpena, who awarded Mrs. Scott \$150 monthly pending final disposition.

In the present action, according to Mrs. Scott's attorney, Ward D. Peck, it is hoped to avoid the sensational features of the former trial. If the suit is uncontested, Peck estimates it will be settled within two months.

## CREW OF FREIGHTER RESCUED BY SEAMEN

New York, Feb. 3.—The crew of a fourth freighter, the Johanne Dybawd has been rescued at sea by the heroic work of seamen, radio messages today reported.

The Dybawd's twenty-five men were taken off by the Belgian freighter Armino and the Dybawd was abandoned, a sinking hulk, in the west bound steamship lanes. The vessel was bound for Halifax.

No details of the rescue have reached here as yet.

Since the storms began, two weeks ago, four freighters have sunk with a loss of twenty-six lives.

Eighty-three men have been saved by the daring and heroism of the sailors of all nations who have responded to SOS calls.

## BIG FOOD COMBINE FORMED BY WALL ST.

New York, Feb. 3—Wall Street tightened its hold on America's breadbasket today with the announcement of the formation of another gigantic food combine, the National Food Products Corporation.

Announcement of this new corporation which is to include 2,000 chain stores in twenty states, is almost coincident with the announcement of the recently formed \$2,000,000,000 Ward Food Products Corporation and the merger of "Jello Inc." and Ingelhart Brothers flour mills.

The projected merger of the California Packing Company with the Postum Cereal Company is another in formation.

Since being awarded the corn growing laurels last November, Marshall who is attending Farm Week here has received hundreds of letters from brother farmers who want to know "how did you do it?"

The corn champion was credited with raising 1600 bushels of corn on ten acres, an average of 160 bush

## GREENE COUNTY GETS ITS SHARE OF STATE WIDE MEASLES EPIDEMIC

Greene County is having its share of the epidemic of measles that is sweeping the state, according to Dr. R. H. Grube, county health commissioner.

This winter has been marked by an unusual number of cases of measles in Ohio, according to Dr. Grube.

Measles, whooping cough, mumps, and other childhood diseases are almost as sure to the younger generation as death and taxes, doctors declare. There is no method for warding off the disease, they say, but give warning for the need of care of children susceptible to the disease.

Exposure of children should be guarded against, Dr. Grube warns.

**GIVE CHILD AS PAY FOR GROCERY BILL**

Cleveland, O., Feb. 3.—Because the parents of little Winnifred Hippewell owed a grocery bill and were compelled to leave town without paying it, she was left with John Drake, grocer, in lieu of the money, according to his story to the police.

Drake, having five children of his own, was reluctant in accepting Winnifred as payment and could not figure her value in payment for pounds of sugar, coffee and butter.

But Winnifred went to live with the Drake family. Given as payment for her, her keep threatened to increase it.

Only an occasional letter comes from the girl's mother and that has no return address, except general delivery in various cities.

Drake, having grown to love the girl, now wants to adopt her. He has gone to court and secured a dependency.

At the afternoon service for the young people, Rev. R. E. Hutchison, pastor of the St. John's A. M. E. Church talked on walking in the truth. His choir was also to respond but not being notified in time was not present. At the evening service, Brother Charles Buford preached his initial sermon to a very appreciative audience, from the theme, "Victory over Death."

Children who have had the measles or whooping cough are permitted to attend school even though the disease is present in the family. Children that have not had either disease but are exposed to the germs in their family, should be kept at home, he says.

Epidemic of measles is periodic over the country, according to the health commissioner. The same is true of whooping cough, several cases of which have been found in the county. Neither disease is placed under quarantine but parents are asked not to expose their children to either.

With the exception of childhood diseases there are no other communicable diseases in the county, Dr. Grube says. Several cases of smallpox in Bellbrook vicinity have been cured and no new cases of the disease have been reported to county health officers.

**AUTO TAG REVENUE REACHES \$36,606 REPORT INDICATES**

Revenue derived from the sale of 5,949 motor vehicle licenses for 1926 in Greene County, including municipalities by February 2, 1926, amounts to \$36,606.05 a decrease from 1925 because of the great reduction in the price of 1926 tags, a statement prepared by County Auditor R. O. Wead shows.

Motor vehicle licenses issued in the county exclusive of municipalities total 3,320 for which the revenue of \$9,075.55 reverts to the county road maintenance and repair fund. Report shows the state road maintenance and repair fund receives \$18,303.03.

Total issuance for the different type of motor vehicles and for the different priced licenses in Greene County in 1926, is divided as follows: \$4 passenger car tags, 4,469; \$6 passenger car, 645; \$10 passenger car, twenty-six; 70 cents per cwt, 2,500 or under, commercial cars, 531; commercial cars over 2,500 pounds not over 6,000, 135; commercial cars over 6,000 pounds not over 9,000, thirty-one; commercial cars over 9,000 pounds, eight; passenger converted, fifty-eight; motorcycles nine; side cars, five; trailers, fourteen; from state commercial dealers, eighteen.

Statistics for the registration in ten municipalities in the county show Xenia easily led the list with a registration of 1,490 cars of all makes and a corresponding revenue of \$5,732.77 more than double the combined revenue of the other nine districts.

Figures in the report for the registration in nine other municipalities, showing total registration for 1926 and revenues derived, are as follows:

## HOLY SPIRIT SERVES AS EXECUTIVE OF GOD CONGREGATION TOLD

"The Ministry of the Holy Spirit" was the subject of an address by Miss Elinor Millar, Australian Bible teacher, before a large audience at the First M. E. Church Tuesday night. Miss Millar will conduct special meetings at the church two weeks.

Possessing the happy faculty of interesting boys and girls, Miss Millar, observing a number of children in the audience before her address, picked out certain ones, asked them to come forward, and presented each with a pocket Testament from the pocket Testament League.

The speaker declared the second chapter of the Acts, describing the coming of the Holy Spirit, is one of the great chapters of the Bible. "In repeating the Apostles' creed," she said, "many go as far as to repeat the words 'I believe in God the Father, Almighty Maker of Heaven and Earth' and stop. Others will add 'and in Jesus Christ, His own begotten son,' but not many get so far as to understand the words 'I believe in the Holy Ghost.'

"Who is the Holy Spirit? He is the third person of the Trinity, the divine Comforter, the other self of Jesus. He is the one Who takes all the plans of God the Father and executes them. Hence He is called the Executive of the God-Head."

In a masterful manner Miss Millar gave a striking description of the effect of the coming of the Holy

Spirit upon the early disciples of Jesus.

She will conclude the subject at the meeting Wednesday night at 7:30 o'clock, speaking upon the thought "How Christians Can Live the Spirit-Filled Life." One of the features of these meetings is the singing.

## A STEP IN ADVANCE.

THOSE who have insisted on a unified air service, and the establishment of such under a member of the cabinet will not be wholly pleased with the bill recommended to congress by Secretary of War Davis. They will, however, see in it a step in advance toward the goal which, in their belief, the nation must attain if it is to secure that place in the world of aircraft to which it is entitled.

The measure, as recommended by the secretary of war, follows closely the changes advocated by the Morrow aircraft board. Among other things it proposes the following:

Designation of air service as "the air corps" creation of a second assistant secretary of war who will handle air matters, at a salary of \$7,500 a year, creation of three assistants to the chief of air service, each with the rank of brigadier general; assignment of flying officers to positions of command with temporary rank, pay and privileges; assurance of extra flying pay on a permanent basis; establishment of \$10,000 life insurance policies for officers; authorization of a medal to be known as the "order of merit" for heroic or meritorious flying duty; wider use of enlisted men as pilots; authorization for purchases of planes without competitive bidding.

No recommendations are made as to building of future aircraft, a question of the most vital importance, but one which the secretary promises, will be taken up in a later report.

Nor are any recommendations or statements made relative to a unified service, so strongly advocated by proponents of strong airforce.

The navy department will be expected to hand in its report on aviation in the near future. When this is done the members of congress will have at hand the two-proposals, on the basis of which can be worked out the sort of a program which, in the opinions of congress and the administration, will best suit the needs of the country for the present.

The war department report indicates that those officials are not asleep to the needs, and are ready to meet the demands half way, at least.

All of which augurs well for the air service and its future.

## WILL BE DIFFERENT.

A REALIZATION that the France of war days was a far different country from the France of peace times, promises to be brought home rather clearly to the 30,000 or more members of the American Legion when they travel back to the scenes of their war-time experiences next year to attend the national convention scheduled to meet in Paris.

Eight years ago the troops of the American Expeditionary Forces, were at the start of the great exodus across the seas, there to take up their part in the war for the preservation of democracy and the saving of the free nations of the world.

They were received as saviors. Women wept. Old men looked on in thankful wonderment, and little children tagged along beside the khaki clad hosts, who came in countless thousands to take their places in that long battle line on the western front. In homage to these strong boys of '17 and '18, France bowed her head, and millions were the prayers of thankfulness sent up that America had at last come, and that the long, cruel, uncertain war, was at last about to end—and end in victory.

Next year thousands of those who years ago stepped off the transports as wearers of the uniform of their country, will disembark from handsome ocean liners—plain citizens, come to live again those stirring days of the war when they were part of the great army of democracy, crusading in the cause of liberty.

France will receive them with grateful heart. But it will be a different France; a France which is none-the-less happy in the thought that those who aided her have come to visit her again.

## SAFETY IN CHECKS.

ONE of the subjects most prolific in the way of texts for comment is that of the safety provided by banks to persons to engage in financial transactions of any kind. Many more persons should adopt the plan of making payments of all kinds by checks instead of in currency.

Every few days the newspapers publish accounts of thefts which have been committed in cases of persons who withdraw sums of money from banks, or money they have kept in their homes for payments on property or other transactions.

A bank check eliminates all possibility of loss of money in making payments. Bankers are particular to know that the persons presenting checks for payment are entitled to the money, and even if a check is stolen it is highly improbable that it can be negotiated by the thief. Banks require identification before making payment on checks, and the writer of the check can immediately stop payment on it if it is stolen.

Persons who keep money in considerable amounts in the home do so at their own risk. Would-be thieves have means of securing information which may not be suspected by the person who keeps money in his home, or they may even take a chance of finding currency hidden about the house. The resulting loss is the same.

There is no reason why any individual should draw from the bank when a check will complete a financial transaction; neither is there any excuse for a person who receives money undertaking to be his own banker.

If you wish to use the pastry for a lemon or chocolate meringue pie, you must of course bake it before putting in the cooked filling. A very hot oven will be required; I have my Fahrenheit oven thermometer registering 550 and bake the empty shell only ten minutes, in a gas oven—15 in kerosene oil oven or coal range.

A squash meringue pie goes into the oven with its filling in it. (Directions given last Monday.)

## Home-made Supply of Fine Cough Syrup

Better than ready-made cough syrup, and saves about \$2. Easily prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in the kitchen.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for the same money.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that there is no irritation.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs. It is a safe, reliable medicine, as your druggist for 2½ ounces of Pinex, full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

Now add one-half teaspoon of salt and wet to a paste with three-quarters of a cup of cold water. Mix lightly and toss the mass out onto a bread board which is lightly sprinkled with pastry flour. Flour your rolling pin and lightly roll out to one-third inch in thickness. Dot it with one-half cup of butter broken in tiny bits (they will be very close together,) and then sprinkle the butter-bits with one-half cup of additional pastry flour.

Fold the pastry in from each end, and again once more so as to form a long roll. Fold this roll once in the middle, to form a sort of square. Cut the square in half, one-half being used for each of the two under crusts—or one for the upper and one for the under of a two-crust pie.

With a little experience even the beginner-cook will be able to roll pastry into a circular shape. Place the circle (which is about one-eighth inch thick) on the ungreased pie pan. Stick it all over with a fork, pressing it

large pair of scissors. Draw the blades past each other and start the motion again—exactly as if they were scissors. In this way, the lard will in time be cut into the flour. It is not necessary to chop up the tiniest lumps.

Now add one-half teaspoon of salt and wet to a paste with three-quarters of a cup of cold water. Mix lightly and toss the mass out onto a bread board which is lightly sprinkled with pastry flour. ## "Not Possible To Classify"

By Mack Sauer

A few jottings of the day by Samuel Pepys' Jr.: Awakened by a great barking of dogs and made my mind up that though the country may be going to the dogs, there are a lot of dogs in town that ought to be going to the country. Through the snow in my slippers to get the morning paper, frightened lest the neighbors, see.

Out bright and early and on the streets with a good gait was S. O. Hale, an old time fiddler, with whom I joshed about Ford's return to the old-fashioned dance. Heard a poor fellow give wails a plenty about his wife being boss at his house, he running nothing but the electric sweeper.

Home and to looking through my attic, and getting out old clothes long since thrown away, and which I will have patched and cleaned up with a new button here and a stitch or two there, so that I will be able to go about in them, all of which I am too proud to do, but must resort to, so destined I have become. In my pockets found a tin badge of the W.A.F.

John W. Davis, of West Virginia, whom I have forgotten. With a fellow who caught a rat in a trap in an alley, where he tried an experiment of putting an injection into the leg of the rat, which caused it to fall asleep, whether it recovered or no, I know not.

In the late evening putting some pennies away to buy a straw hat, the time for throwing away the winter hats being not far away. Would not stay up to get Europe by radio, but fixed up a bunch of lies to have in readiness, so I could keep up with anyone who should rave to me about getting England.

## AND THIS IS LAUGH MONTH

Those Christmas bills  
My purse made thin;  
So far all I  
Can do is grin.

Coolidge's economy probably won't hurt our classified business any, since he didn't trade with us anyway. It's real economy to use Gazette classified ads. There is no substitute for results. That's what you get in ads on this page.

## GET TO WORK

"What this world needs  
Said Jimmy Lloyd.  
"Is more employment  
Among the employed."

This is one of the unlucky days on which it is not wise to make a face at a policeman. It would be wise, however, to phone an ad to Phone 111 tomorrow. Just ask to have it charged.

## COMMISSIONERS AUTHORIZE BOND ISSUE TO FINANCE FARM PURCHASE

County Commissioners will issue \$20,000 worth of bonds to cover purchase of the 200-acre Moore-Puteraugh farm on the Dayton Pike, in line with plans for the extension of the farm acreage of the Greene County Childrens' Home and County infirmary.

Commissioners adopted a resolution Monday authorizing a single \$20,000 bond issue.

The farm was sold at public auction January 16 on a bid of \$15,75 an acre, a total of \$29,204, submitted by James Soward, acting for commissioners. It is understood Mr. Soward will not dispose of the entire tract to the county.

The property lies adjacent to the children's home land on the south side of the highway. Buildings and 150 acres are situated on the south

### Correct Attire for Sea Travel

"The tailored suit of tweed is said to be the correct attire for the sea voyage. Subdued shades of tan and beige are used here."

### PLAN MOVIE TO COST 5 MILLION DOLLARS

Toledo, O., Feb. 3—Toledo will have a new \$5,000,000 motion picture theater, part of the biggest downtown improvement project in the history of the city. Ora L. Briley, owner of the Princess Theater, has announced.

Briley has entered into contract with the Famous Players-Lasky corporation for the construction of the new building and theater which will seat about 3,000 persons.

A fifteen-story structure of fire proof construction will be built. Construction will commence about June 1 and will be completed within a year.

### How to stop BOILS!

There's only one way to stop boils. Stop the cause of boils! That's common sense—isn't it? All right. Boils thrive because the blood gets so weak in healthy, red cells that it can't throw off the impurities that get into the body. There's not enough rich, red blood to purify the system.

Now—S. S. S. builds back the blood to fighting strength. S. S. S. builds red-blood-cells—builds them by the millions! Boils dry up!

S. S. S. is the thing. Impurities that cause boils and other skin eruptions can't stand up against the rich, healthy, red blood that S. S. S. builds. That's all there is to it.

Stop boils with S. S. S. It's the way. Get it at any druggist. The larger bottle is more economical.

### PICTURESQUE NAMES ALL THAT REMAIN OF GOLD GHOST CITIES

Sacramento, Feb. 2—Except for a half dozen or so survivors the picturesque California camps of the "roaring fifties" have followed into oblivion the gold seekers who created them.

A few have prospered, a survey by the historical department of the California state library reveals. Hangtown, one of the settlements to weather the years is now the city of Placerville. Angel's Camp also has withstood the march of time.

But the early day camps that have joined the "ghost cities" of the west number at least 150.

Brandy Flat, Brandy Gulch and

Delerium Tremens have gone the way of Dead Man's Bar, Chuckiehead Diggins and Hell's Delight. Lazy Man's Canyon and Loafer's Retreat are enjoying a long rest. Poverty Flat and Poverty Hill are poor indeed now.

Rough and Ready boasts but one family. Timbuctoo consists of but a single family, too, though once it was a bustling camp. Poker Flat lives on but only because the name was perpetrated in a tale by Bret Harte.

Some of the other camps stripped of their gold and lost in the years are: Barefoot Diggins, Bogus Thunder, Chicken Thief Flat, Chivalry Hill, Churntown, Coarse Gold Gulch, Dead Man's Bar, Devil's Basin, Fair

Play, Git Up and Git, Gospel Flat, Gravel Yard Canyon, Growler's Flat, Happy Valley, Humbug Canyon and Hungry Camp.

Lousy Ravine, Love Letter Camp,

Miller's Defeat, Mugfuzzle Flat, Murrer's Bar, Pancake Ravine, Pepper Box Flat, Petticoat Slide, Piety Hill, Rag Town, Rat Trap Slide, Red Dog, Secret Town, Seven-Up Ravine, Slap

Jack's Bar, Sluice Fork, Slumgullion Squabble Town, Swell Head Diggins Turnback Creek, Yankee Doodle You Be Dam.

### AULTMAN EXPLAINS EFFECT OF BAXTER BILL UPON SCHOOLS

House Bill, No. 527, enacted at the recent one-day session of the Ohio Legislature, affects the Greene County school financial situation in four provisions, according to H. C. Aultman, county superintendent.

The provisions included in the bill are:

First: Provision of taking care of any operating deficits existing December 31, 1925 by distributing the payment of such deficits into not more than five equal annual installments. Each payment then becomes a part of the annual budget and is not paid for by a tax outside of present limitations.

Second: Any operating deficits existing December 31, 1925, may be funded with the approval of the State Auditor and serial notes issued payable semi-annually over a period not to exceed five years. The levy to retire these shall be outside of present tax limitations.

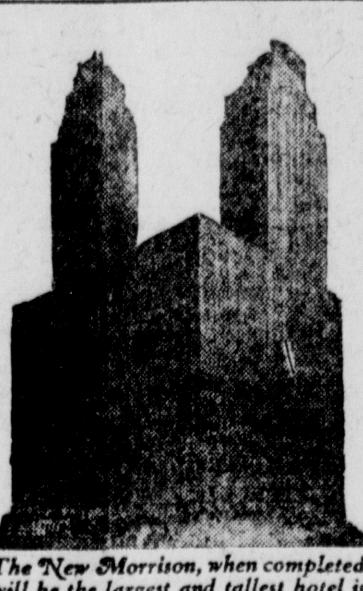

Third: The amount of the sinking fund levy beyond four mills may be placed outside all present tax limitations upon petition of a majority of the electors in the district who voted for Governor at the last election.

Fourth: A board of education of a district which does have all or any part of the three mills at present

and your old fixture

for this \$5 Riddle wall fixture

Wouldn't you like to have this graceful ceiling fitment in your home in place of one of your present old-style lighting fixtures—especially if you can save 25% on the cost by taking advantage of our trade-in allowance? That is exactly what you can do. On every old fixture traded in, we will allow 25% of the cost of a new Riddle Fitment—either the style illustrated or any other Riddle piece you choose. You know the allowance is genuine, for every Riddle Fitment bears a tag with the nationally advertised price. Nothing like this offer has ever been known. Decide to take advantage of it now, and modernize your home lighting at this great saving.

### MADE OF PURE FRUIT JUICES

### "E" BRAND

### JELLY DESSERT

It is a revelation in flavor! You get the rich, refreshing flavor of the fruit juices without any trace of unpleasant flavor from the gelatine which forms the base. This is because only ABSOLUTELY PURE gelatine is used and pure gelatine has no taste. Open the package, pour some of the rich, heavy crystals into your hand. Smell it. Taste it! Just the delicious fragrance and flavor of sun ripened fruit. Nothing could be more wholesome or healthful. Physicians urge its use as it aids in digestion and helps to assimilate other foods.
